

Fraser Alexander signs new Contract

Dear Colleagues

Fraser Alexander is proud to announce the securing of a new contract with Sasol Secunda. Our expertise in the field of large scale mining services continues to be the best and most trusted.

The project is the **Tailings Storage Facilities (TSF 4 & 5)** operations, which will see the Fraser Alexander team, given an opportunity to operate the biggest lined dam in South Africa, currently being constructed.

It has taken ten months of work to secure this contract, a big thank you to everyone who worked on securing this project.

Regards
